The Republican primary passed off real lively here, last Saturday, by much hustling on the part of some of the candidates and several others, they managed to get out 70 out of about 104 votes. And some of the old time voters did not vote at all and declare they will support Bryan and the Democratic ticket this fall on the account of Mr. Taft's labor record and religious views. C. V. Wright, who had no opposition, ran 11 behind his ticket, and he will run worse than that this fall, when he goes up against H. E. Sparrow.

OUR PRESIDENTS

JOHN QUINCY ADAMS.

The sixth president of the United States and author of the "Monroe doctrine" was the son of John Adams, the second president. He was born at Braintree, Mass., in 1767. After years of able diplomatic service abroad he was made secretary of state under President Monroe, whom he succeeded in 1823. There being no electoral majority, the election was thrown into the house of representatives. In 1831 the ex-president was elected to the lower house of congress, where he remained until he died of a stroke of apoplexy on the floor of the house in 1848.

Hanta Bayliss returned to her home in Richmond, Saturday.

The big Ball at Otterburn was enjoyed greatly by all who attended. We expect to enjoy another in the near future.

Hello, Flowery Banks, how did those watermelons taste? The ones that I eat for you. They tasted fine to me. Ha! ha! you all don't know how to enjoy a melon until you get in a big patch and pick up a nice big melon, and then get out under a big shady tree and help yourselves. I saw a patch the other day with big melons ready to pull. It was a grand sight. I was presented with one of the largest and it tasted like more.

IKIE.

Scott Free.

For Winfield S. Scott of Athens county, a prisoner at the penitentiary, the number 13 should have no terror. It was upon that date in August, 1906, that he was received to serve seven years, and it was on that date in the same month this year that he was paroled from the big prison. His release came on the exact date of the second anniversary of his arrival at the prison. Scott was formerly treasurer of Athens county and was sent up for the embezzlement of about \$27,000. He has a fine home north of the city. Scott will be released today.

M. or as soon thereafter as may be convenient. F. F. MARTIN, Probate Judge.

NOT WASHBURN-CROSBY

Makers of Gold Medal Flour Not Concerned in Minneapolis Receiver-ship.

It should be understood that the Washburn-Crosby Co., makers of Gold Medal Flour, are in no way concerned with the recent Minneapolis flouring mill receiver-ship. The slight similarity in names has led to some confusion.

One need have no fear that the Gold Medal housewives, whose pictures have adorned the magazines and newspapers, will cease to appear. We shall see them the same as ever. And the Washburn-Crosby Co. continue to be the largest milling concern in the world.

Therefore, while the receiver-ship in question is most unfortunate, it does not by any means concern all Minneapolis flour mills. The Washburn-Crosby Co., makers of the widely-advertised Gold Medal Flour, shipped 8,000 cars last year more than their nearest competitor. And they are flourishing still.

Race Riot at Springfield.

Springfield, Ill., Aug. 15.—Riot, arson and slaughter have held possession of the black belt and levee of Springfield since 9 o'clock last night.

One man has been lynched by the mob, two are known to have been killed in racial warfare, and several more who were shot and beaten are in the hospital and may die.

At 2:30 this morning the militia, ordered out by Governor Deneen, fired a volley into the mob, which was putting the torch to negro houses in the "bad lands."

The riot resulted from an attempt to lynch a negro who had assaulted a white woman. The negro was spirited out of town, and the mob, balked in its vengeance, immediately turned on the man who loaned his automobile to the authorities to enable them to convey the negro to a place of safety, and burned his restaurant to the ground.

Then after burning many houses the remnant of the mob, which became more and more desperate as the night passed, finally gratified its thirst for blood this morning at 3 o'clock, when Charles H. Burton, a negro, was lynched at the corner of Twelfth and Madison streets, right in the heart of the "bad lands."

Troops arrived at the scene too late to prevent the lynching. Some of the members of the mob declare that the negro lynched had shot two white men. They said that in a fight with the whites the negro was forced into a corner at the saloon and grocery on the corner of Twelfth and Madison streets. When retreat was cut off the negro is said to have opened fire, wounding two.

Logan High School is "First Grade."

Somehow the rumor has been started, and seems to have been widely circulated, that the Logan High School has been dropped to "Second Grade." That you may see that the report is absolutely without foundation. I invite your attention to the following correspondence between myself and the State School Commissioner, whose duty it is to determine the rank of all high schools in the State.

Logan, O., Aug. 3, '08.
Hon. E. A. Jones,
State School Commissioner,
Dear Sir:—There are rumors widely circulated here to the effect that our High School is dropped from "First Grade" to "Second Grade," and from the "accredited list." As pupils, patrons and members of the Board of Education have come to me about it I ask you for an official statement to set us right. Sincerely,
Charles C. Garman,
Principal, Logan High School,
Columbus, O., Aug. 4, '08.
P. in., Chas. C. Garman,
Logan, Ohio.

Dear Sir:—Logan High School is recognized by this department as a high school of the "First Grade." The "accredited list" refers to the listing of high schools by the Ohio State University. Very truly yours,
Edmund A. Jones,
State School Commissioner.
By consulting the last official

bulletin of the Ohio State University, published May 14th., 1908, you will find, on page 105, that "Logan High School," is on the "accredited list."

The Logan High School is on the upgrade and not on the decline. The additional teacher next year will enable us to do better work than has formerly been possible.

Yours sincerely,
Charles C. Garman.

Obituary.

Whereas it has pleased our heavenly father to remove from our midst a loved one, that made sunshine to our hearts. It is death that begin those changes, that draws out the central bolt that holds families together and lay waste their affections. Humbly do we bow to the will of God, but not without sorrowing for the loss of a dear wife, mother, sister, daughter and friend. There is a time for man to die. We see this verified every day without respect to age through all the misty past. The rich, poor, high and the low all come to the same end. Oh, how sad it is when the monster Death calls at our homes and tears from our embrace one of our loved ones. In this unexpected moment, when we least expect him; he makes us a visit and lays his icy fetters on a friend that our bosom holds dear. How we tremble while following those dear ones to their last resting place, and look upon their clay for the last time, and we say good-bye till the judgment day.

The blest truth of a place of rest helps to ease the thorny pathway of life. It is in the heavenly world where the joy shall be fadeless and the happiness permanent, and as a christian nears this home he finds it is true, that nowhere else is joy in its fullness found. There we shall see no longer through a glass darkly, but face to face. There the spirit not hindered with the things of this life, shall enjoy its full capacity with the thought of everlasting victory. How mistaken we are sometimes when we profess to live in the land of the living, while in reality we live in the land of the dying. We are comforted by words coming from Divine revelation. Job speaks and says that the Lord but claims his own. Paul tells us that when we are done with our clay that there is a mansion in the heavens for us. The Savior himself speaks "I will go and prepare a place for you, that where I am ye may be also. We are now Divinely inspired that our friends who have died in the Lord are safe in the paradise of God, where the wicked cease from troubling and the weary are forever at rest.

The subject of our sketch is Miss Myrtle Inis Allen, daughter of Mr. and Mrs. John W. Allen, was born in Hocking county, O., October the 5th., 1871, departed this life July 23rd., 1908, age 36 years, 9 months and 18 days. Miss Allen was converted under the preaching of Rev. Smith at the Methodist church at St. John near Cedar Grove, Ohio, in a revival meeting of 1894. Miss Allen formed the acquaintance of Silas Emmet Lee, of Starr, Ohio, in 1897, whom she married on January 4, 1899. She was married in Logan, Ohio, by Rev. Stewart of the Logan Presbyterian church. This union was blessed with three children, Zola, Harry and Ruth, all of which are living. Mr. and Mrs. Lee lived on their farm near Orland, Ohio, where Mr. Lee was born and reared, till about two years ago, when they decided to move to Springfield, Ohio, where they were living at the time of Mrs. Lee's death.

The cause of Mrs. Lee's death was measles followed by parotitis. She was an exemplary wife, a good mother and good neighbor. She leaves a husband, three children, mother, three sisters, three brothers and a host of friends to mourn their loss.

Oh, spirit freed from bondage. Release thy work is done. The weary world is beneath thy feet. Though brighter than the sun. Dearest wife thou hast left us. And our hearts are sad and sore. The living God hath touched thy lips. And thou hast gone to the other shore. Farewell, husband, mother, brothers and sisters kind. In heaven to sin will bind. And dear children I bid you adieu. Till heaven you are permitted to view. H. G.

CARD OF THANKS.

The husband, children, mother, sisters and brothers of the deceased, wish to thank their neighbors and friends through the columns of the DEMOCRAT-SENTINEL, for their kindness and help during the sickness and death of their beloved wife, daughter, mother and sister. HUSBAND AND FAMILY.
